

# SPF-2026 ECOP Presentation Awards

Best Oral Presentation to

**Sebastián I. Vásquez**

On

*Integrating physiology, environment, and adaptation in anchovy  
(Engraulis ringens): insights from a Dynamic Energy Budget model in  
the southern Humboldt ecosystem*

S03

# SPF-2026 ECOP Presentation Awards

Best Oral Presentation to

**Jerry Ian Leonida**

On

*Assessing the lilang fishery of Miagao, Iloilo, Philippines: ecosystem-based insights on catch dynamics and sustainable fisheries management*

S06

# SPF-2026 ECOP Presentation Awards

Best Oral Presentation to

**Marina Puebla-Aparicio**

On

*Multiple chromosomal inversions reveal the evolutionary history of lineage divergence and admixture in the European sardine*

S05

# SPF-2026 ECOP Presentation Awards

Best Oral Presentation to  
**Stephanie Hopkins**

On

*Using species distribution models to develop movement scenarios for management strategy evaluation: A Pacific sardine case study*

S01

# SPF-2026 ECOP Presentation Awards

Best Poster Presentation to

**Susan Kenyon**

On

*Temporal variability in life-history parameters and body condition of sardine (*Sardina pilchardus*) in the English Channel*

S03

# SPF-2026 ECOP Presentation Awards

Honorable Mention

**Sofía González-Pérez**

*IBM models for simulating the Early Life Stages of small pelagic: a generic code approach*

**Maria Iohara Quirino-Amador**

*Drivers in the Selection of Fishing Areas by the Scottish Pelagic Fleet*

**Liz Loutrage**

*Use of trait-based approaches to reveal the complexity of trophic ecology in deep-pelagic fishes*

**Karlee A. Orvis**

*Energetics of “the savior fish”: the phenology of Eulachon (*Thaleichthys pacificus*) energy reserves and potential survival bottlenecks in British Columbia marine and freshwater systems*
